Our Mission

Vector Tobacco is a research and cigarette manufacturing company based in Timberlake, North Carolina. Our parent company is Vector Group Ltd., a publicly traded company on the New York Stock Exchange under the ticker symbol "VGR".

Our mission is to develop and market smoking products with science-based reductions in certain harmful elements.

Vector Tobacco is made up of top research and development specialists and a highly experienced tobacco management team -- committed to providing smokers with cigarette brands that will become the standard of the future.

Vector Tobacco continues to research ways to significantly reduce carcinogenic compounds, nicotine, and other unwanted constituents. More products incorporating our revolutionary processes will be brought to market as soon as possible.
